#### Dear Parishioners

Jesus brings together love of God and love of neighbour as something inseparable, like two sides of the one coin. Love of God, whom we cannot see, is false if it is not matched by love of neighbour – the people with whom we share our lives. It is through the people around and about us that God makes contact with us on a daily basis. God cares about how we treat others.

We can easily recognise the magical love of a new romance or of a faithful relationship but Jesus presses us on to definitions of love that include care of the elderly, nursing the sick, patching up quarrels and making time to spend with the broken-hearted. Thank God our community is full of people who live up to these gospel ideals every day of their lives, glowing examples to us all of real Christianity in action.

May God keep us alert to the needs of those with whom we share our lives – in our homes, our workplaces, our schools and the wider communities of our world. May our love of God be fully expressed through our kindness and care towards the people around us.
