Dear Parishioners

Thoughts for Catholic Schools Week

Our family at home is the first school of faith and love. It is where we learn about Jesus. From a young age, our parents introduce us to the language and symbols of prayer and teach us how to live as good Christians. The life of a Christian family is a vital part of the life of the Church - and yet we face challenges in our families all the time: through care, patience, mercy and love, family life shows us how to cope with challenges. Christian family life teaches us good habits in the ways we learn faith, prayer and to serve our neighbours.

Catholic schools support the work of the Catholic family. Our school community is part of our wider family. A Catholic school is founded on gospel values so we learn how to relate well to one another, to be caring and respectful and to encourage and support one another so that everyone can reach their best potential. We display and experience patience, tolerance, justice and love every day in our schools and we reflect these qualities and standards to the wider world. The Catholic school is a place of genuine nurture and true empowerment where all are helped to develop spiritually, emotionally, intellectually and physically and to grow in love and service of one another, while all the time working to be the best they can be.

**Very Rev Dean Kevin Donaghy PP VG**
