DAY FOR LIFE

THIS YEAR'S FOCUS: THE SCOURGE OF DOMESTIC ABUSE

Day for Life is celebrated annually by the Catholic Church in Ireland, England, Scotland and Wales. It is a day dedicated to raising awareness of the meaning and value of human life at every stage and in every condition.

One in four women and about one in six men suffers from domestic abuse in their lifetime. According to a 2018 report, almost nine out of every ten women murdered in Ireland are killed by a man known to them. This fatal violence is at the most severe end of the spectrum of domestic abuse. Women's Aid says that the dangerous patterns present in abusive relationships are all too often dismissed and not taken seriously, which can put women at risk of serious assault or homicide.

How can Catholic parishes and communities be places of safety, welcome and assistance?

This is a call to action for our parishes, schools and Catholic communities to reflect, learn and act together, so that we can help those suffering from domestic abuse in our parishes, our workplaces and even in our own homes. Knowing what to look for and spotting the signs means that, individually and collectively, we can make a real difference to people's lives.

It is time to start talking and taking action. Go to www.dayforlife.org or www.catholicbishops.ie to find out more about what you can do.

Leaflets with more details are available in all churches.
